

ADDENDUM TO THE FRAMEWORK CONTRACT FOR THE PROVISION OF SERVICES

1. Payment gateway

- 1.1. Based on the framework contract, you can use ThePay. However, on the basis of this addendum, you can fully launch it, for example, with your e-shop. You have decided to launch the Payment Gateway service, which allows you to receive payments from your customers, on the project:

www.projekt.cz

2. Terms of service

- 2.1. We will provide the service to you for as long as you wish and as long as we are able. If you wish to terminate it, just contact us.
- 2.2. You should be familiar with the pricing, as you have already agreed to it. But just to be sure, please refer again to the Fee Schedule of the Payment Gateway, for everything you need to know. Unless different pricing arrangements appear in this addendum, the terms in the Fee Schedule apply.

3. What is governed by the Framework Contract

- 3.1. The framework contract is governed by the Payment Gateway Terms and Conditions and continues to be governed by the Terms and Conditions, Fee Schedules and Governing Rules.

4. Signature

- 4.1. You declare that you are familiar with the Payment Gateway Terms and Conditions, the Terms and Conditions, the Fee Schedules and the Governing Rules.
- 4.2. We are entering into this addendum remotely and this does not alter the fact that we feel bound by it in the same way as if we had attached our own handwritten signatures.
